What Every Woman Wants

Every woman wants to have in her kitchen a stove that has these five qualities:

It must be made so the fire is easy to start, the top quick to heat for boiling, frying or toasting

It must have an oven that bakes perfectly—evenly on all sides—a heat not too intense nor yet too slow

It must be so made that it saves the fuel—uses all the heat there is—wastes no part of it

It must be constructed of materials that will last—neither rust, break, nor pull apart

It must be easy to keep clean—good to look at—an object of pride in the kitchen

These are the things that every woman wants in the range which cooks the meals for her family

These are the things you'll find perfected in WEDGEWOOD RANGES as nearly as thirty-four years' experience, honest labor and scientific study can perfect a thing

From time to time we shall tell you about the different parts of WEDGEWOOD RANGES that are made to give this Service

If you would like to know how to take the proper care of stoves and ranges we shall be glad to send you a booklet about it—fill out the coupon below

The man in your town who carries first-class goods will show you WEDGEWOOD STOVES and RANGES —his name is

INTERESTING CAMPAIGN

Party Masquerade and Party Subterfuge Come In for Criticism

CARTER, in New York Evening Sun

CARRANZA (TO UNCLE SAM): "GIDDAP!"

HE KEPT US OUT OF WHAT WAR?

Disingenuous to Boast That It's Through Any Act of Wilson We Are Out of the European Contest.

RATHER SHOULD BE BLAMED FOR MEXICO BELLIGERENCY

During the Present Administration We Have Seized a Mexican Port and Sent Our Entire Army and Militia to Fight Mexicans While Armed Mexican Forces Have Invaded American Soil and Fought Battles Against Our People.

Sometimes you hear men, sensible men, too, say, "I'm going to vote for Wilson this year because he kept us out of war."

Ask such men a short question. Ask them, "Out of what war?"

Did Mr. Wilson keep us out of the European war? No. He has himself in a formal address to congress spoken of the European war as "a war with which we have nothing to do, a war whose causes do not touch us." How could Mr. Wilson keep us out of a war with which we have nothing to do and whose causes do not touch us?

Did he keep the rest of the western hemisphere out of the European war? No independent nation on this side of the world is involved in it; the only people in it are the colonies of European powers and they had no voice in their fate, for they were automatically at war when their mother governments went to war. Who kept Argentina, Brazil, Chile, Peru, out of the European war? Did Mr. Wilson?

Did Mr. Wilson keep us out of war with Mexico? No. In his term more Americans have been killed by Mexicans and more American property has been destroyed by Mexicans than by Spaniards during the whole Spanish war. In his term we have seized a Mexican port and have sent our entire regular army and militia to fight Mexicans. In his term Mexican armed forces have invaded American soil and fought battles against our people within our boundaries.

President Taft went through two Mexican revolutions during his term, the revolution against Diaz and the revolution against Madero. American lives were safe in Mexico during that time. No Mexican cities were seized by Americans and no armed Mexicans invaded the United States while Mr. Taft was in the White House. Yet Mr. Taft never thought of asking the American people to vote for him because he kept us out of war with Mexico. He put an embargo on arms so that American weapons would not be sent across the boundary, and he refused to interfere in Mexican affairs. When he left office Mexicans liked Americans, and Americans were safe in Mexico. Since he left office Mexicans hate Americans and Americans dare not remain in Mexico. Did Mr. Wilson keep us out of war with Mexico? Not if words mean anything.

Mr. Wilson did not keep us out of the European war, and he did not keep us out of war with Mexico.

Out of what war, then? —Detroit Free Press.

UNITED STATES' HONOR.

Hughes' Criticism of Foreign Policy Approved In West.

[Portland (Ore.) Telegram.]

The Republican party has selected a standard bearer whose utterances from day to day justify the people who chose him. Not only does he bring before the country the shortcomings of the Administration that owes its existence to a divided Republicanism, but his criticism is everywhere constructive.

He tells what must be done and will be done by the party he represents to prevent wastefulness and extravagance in the governmental expenditures and to put a stop to the vacillating policy that has caused other nations to believe that the United States has no intention of backing up its demands made in the interests of justice and humanity.

Most vulnerable of all points in the Democratic armor is its foreign policy. Primarily this is because of the spoils system by which men trained in the consular and diplomatic service through long years, have been displaced to make room for politicians and friends of politicians, whose sole claim to preferment was their services to the Democratic party.

"If I am elected president of the United States," said Mr. Hughes last night, "I propose that every man I put in charge of an important department shall be a man eminently fit to discharge the duties of that department."

The denuding of the diplomatic service of men of experience in order to supply political jobs, as has been done by Mr. Wilson, or with his consent, Mr. Hughes denounces as "a capital offense—trading in the good name of the United States and damaging its honor."

BOOKS EXPERTED AND FOUND O-K

Only, City Tax Collector Coleman Was Entitled to $7.20 Refund On Amount Overpaid

W. J. Kidd, expert accountant, after completing his audit of the city's books, reports the same to have been accurately kept, and also says:

I beg to report having completed the annual audit of the books of your city clerk, treasurer, recorder, tax and license collector for the fiscal year ending June 30, 1916, and find them to be correct and properly vouched.

Tax Collector: Owing to a double assessment to your assessment roll, i.e., No. 411 A, which had not been corrected, the tax collector has paid over to the Treasurer the sum of seven dollars twenty cents ($7.20), inexcess of the amount collectible. I therefore recommend that a warrant be drawn in favor of Mr. Coleman in the sum of seven dollars and twenty cents ($7.20), to reibmurse him for this over payment.

In the delinquent taxes account for the year 1911 there is only one item not redeemed vis: second installment payable by Mrs. Mary Wolf, four dollars and twenty-five cents (4.25), who claims exemption under the "War Veterans" clause. While she may not be actually entitled to exemption she is firm in her refusal to pay, I therefore recommend that the city attorney be authorized to write off this item, and to notify the city clerk that he has done so.

I certify that all redeemed bonds also interest coupons paid have been produced for my examination and that all my requirements as auditor have been complied with.

I enclose statement of revenue and expenditure of the city also reconciliation of tax account for the year just closed.

Respectfully,
WM. J. KIDD.

One's Greatest Resource is Health

What profiteth a man that he gain the whole world yet lose his health?

Naturalists say that long ago the prehistoric waters were infested with a species of enormous shark which finally became extinct by reason of the workings of its voracious appetite. Thus Nature eliminates the over-fed.

The desire for ease of life and plentiful diet is universal and is the great stimulus of man and animals alike. When man becomes greedy and takes more ease and food and drink than is his share, Nature discards him.

In the race for power and place, for ease of circumstances and relief from the stimulus of hunger, the modern man is apt to forget that unless he is careful of his body he will soon be made to suffer for the infraction of Nature's inexorable physical law. With the loss in body tone comes an equal loss in mental acuity and the brain which for a time was able to operate despite the complaints of an over-fed, under-exercised, self-poisoned body, stops working.

Statisticians have discovered that the mortality rate of persons in the United States over 45 years of age is increasing. The strenuous life of today is alone responsible for this. Lack of health-giving exercise, superfluity of diet, lack of restoring sleep, over stimulation, the high pressure of the race for power, wealth and position, plus physical neglect, these bring early decay. The goal is reached, wealth is amassed, honor, position and power are just being grasped when the apple of accomplishment turns to the ashes of dissolution. The brilliant mind becomes clouded, the steady hand is no longer accurate, the eye which once gazed fearlessly on the whole world is dimmed and it is not long before the final break up occurs. All of this was entirely preventable.

Other things being equal it is the man who leads the well-balanced life who lasts the longest, whose work to the end is uniformly the best, he who neither over-works nor over-plays, neither over-eats, over-drinks, nor over-sleeps, he who maintains a standrad of simple healthy diet in moderation, who offsets mental work with physical recreation, who is as honest with his body as he is with his own business. When success comes to such an one his physicial and mental condition is such that he can enjoy in peace of mind and contentment of body the fruits of his labors.

The first installment of "Vanishing Flame," a serial story, appeared in the Woman's World this week. It was written by Edward H. Hurlbut a graduate of the local high school. This is by far the best story the young man has written. Hurlbut is accounted one of the cleverest short story writers in the country.

Attorney J. J. Bullock accompanied by his wife motored up to Willetts, Mendocino county, on Thursday to spend a week on the ranch of Robert S. Chatham. Mr. Bullock is taking a short vacation having spent a busy summer with his large legal practice. He certainly has earned a short respite from labor.

Bay View Lodge I. O. O. F. will observe the fifty-fifth anniversary of its organization by attending divine services at the Congregational church tomorrow evening. Rev. Stevens has arranged special music for the occasion. The Odd Fellows and Rebekahs will march in a body from the lodge hall to the church. Services will begin at 8 o'clock.

About 100 members and invited guests were seated at the festive board. Over 20 members were present from Court Sherwood of Santa Clara and fifteen attended from Court College City of Palo Alto.

James Kane and Thomas Kane of this city left last June to visit their boyhood home in Salem, Mass., returned during the week. They are not relatives but by queer coincidence were raised in the same locality and have known each other since boyhoood. James Kane visits relatives at Salem every two years, this being his custom for many years. He leaves for Los Angeles today for a week's visit.

E. W. Magruder the real estate man says that he has done more business in Redwood City real estate in the past two months that he has done in the three years previous. This speaks well for the real estate activities of this city. Mr. Magruder yesterday purchased 100 lots belonging to the Mezes estate north of the courthouse building. He expects to place these choice lots on the market immediately.

Mrs. Henry Beeger and daughter Lulu leave on the steamer Matsonia on October 4 for Honolulu to be gone for two months. Miss Beeger who has been a teacher in the Lick High school in San Francisco for several years resigned her position yesterday in order to make the trip. The numerous friends of the ladies hope they will have a delightful time. Their friends have arranged a number of entertainments and dinners in their honor before their departure.

Faithful old Peter is no more. His spirit has gone to the happy hunting grounds. He aged canine was known to every resident of Stambaugh street Last Saturday at the sound of the fire alarm he started for the scene of the blaze with Miss McLeane and in his hurry to get to the fire he slipped on the pavement and before he could get to his feet an automobile that followed in his wake ran over him and "bingo" Peter was no more. The late Still Sears purchased the animal over fifteen years ago. The dog was a splendid hunter and retriever. In his palmy days no money could buy him but he has gone the way of all good dogs.

GIUSEPPE JOLLAIN

Giuseppe Jollain, the gifted and talented violinist, was born in Italy of a noble Italian family. He accomplished his musical education in Italy, and then went to Belgium, where he studied under the eminent Cesar Thomson. He later spent two years in Berlin. Sig.

GIUSEPPE JOLLAIN

Prominent San Francisco Violinist who recently opened a Studio in Menlo Park

G. Jollain appeared several times in some of the most noted concerts of Europe, where he received the highest praise and met with the greatest success. Most of his appearances were in Italy and Belgium. The admiration and enthusiasm which he aroused may well be judged by the following comments of musical critics:

Courier de L'Orneau, Brussels—The concert was opened by Giuseppe Jollain, and we may say that rarely has a violinist of such merit appeared before us. In the Zigeunerweisen by Sarsate and the Mozart Concerto he displayed excellent technic, considerable fire and most admirable phrasing, the audience listening with rapt attention while these two master works were rendered to perfection.

Le Programme Artistique, Brussels—Giuseppe Jollain is one whom we may call an artist possessing the sacred fire. His temperament is sincerely artistic, and what one especially admires in his playing is the thoroughly Italian spirit, the breadth of interpretation, freedom of bowing and a most beautiful tone.

Il Giornale D' Italia, Rome—The Aria by Bach was wonderfully interpreted, and the Sonata by Beethoven for violin and piano was repeated after persistent demands of the audience.

Giuspe Jollain then left Europe and came to the United States, where he established himself as one of the most prominent teachers in San Francisco, and the best evidence of his mastery and exceptional ability as a violinist may well be judged by the many accomplished and talented pupils he has presented on different occasions in concerts and recitals.

OLD LANDMARK MUST MAKE WAY

Wreckers Busy Tearing Down Old Pioneer Stable on Main Street

One of the oldest landmarks in Redwood City will soon be a thing of the past. The Pioneer Stables erected in 1860 are being wrecked this week by Mr. Archibald. The buildings were constructed on Main street in 1860 and were first opened by John Hancock who conducted a livery business with success for some years. He afterwards sold a half interest to V. Osterman. From 1865 to 1868 the stables were conducted by George Wentworth a prominent citizen of the county in those bygone days. Some time later John Locker took charge and some years afterwards the property came under the control of Thomas Lathrop who a few years later was elected sheriff of the county. When he assumed office the stables passed to Sam Cook who in turn sold to Stafford and Dugan. John Stafford was a deputy under Lathrop and at the expiration of the latter's term of office purchased a half interest in the then flurishing livery business. Sears and Sears, step-sons of Stafford, became proprietors of the property in the nineties. They sold but to Mr. Scalmenini who after a short proprietorship sold the business to the late John Cullen. Thomas Wilson conducted the stables for a long time when the last proprietors, Bell and Woods took charge.

The old office of the stables was a rendezvous for politicians. Here all political schemes were hatched and nominations for office were devised and programs for conventions arranged. Men's careers were made and lost and these meetings of the political leaders who congregated at the stables from all portions of the county. The owners of the stables were themselves political leaders and took part in the deliberations.

Recently the property passed into the possession of the local lodge of Masons. The buildings will be torn down and soon a splendid Masonic temple will be erected on the lot. The lower story will contain an up-to-date moving picture theatre and three modern stores. The structure is to be an ornament to Redwood City.

FOUCLOSURE ON LOTS

The Bank of Italy through its attorneys, Kirkbride and Gordon, has brought foreclosure proceedings in the superior court against the Burlingame Grove Company to recover the sum of $10,000. The property on which the mortgage is to be foreclosed consists of certain lots and blocks in the Burlingame Grove tract. Plaintiff also asks for certain monies advanced, costs of suit and attorney fees in the sum of $1000.

$100,000 SALE OF COAST SIDE LAND

Portion of Old Quentin Ranch at San Gregorio Sold to San Franciscans

One of the largest real estate transactions that has taken place in San Mateo County for many years was consummated yesterday when Mrs. Dora Wilson of this city closed a deal for her ranch of 642 acres of land at San Gregorio. The sale was made by John J. Read well known, enterprising real estate man of this city in conjunction with Harry R. Fee of San Francisco. The negotiations for the sale of the choice property have been pending for some time and only yesterday the deed was signed by Mrs. Wilson. Rouseau and Rouseau widely known architects of San Francisco are the purchasers. They paid the big sum of $100,000 for the land.

The ranch is a portion of the old Quentin property of San Gregorio. The other portion of the vast domain consisting of over 1,500 acres is owned by Attorney George C. Ross of Redwood City.

Mrs. Wilson has already arranged to invest the proceeds of the sale in San Francisco securities and San Mateo county properties. The big sale shows that San Mateo county realty and particularly coast side lands are coming into large value and are in big demand. It will only be a short time when all the large holdings will be divided and sold into small tracts.

The property sold by Mrs. Wilson consists of 80 acres of choice artichoke land and the remaining portion of the ranch is rich rolling land suitable for grazing cattle.

The buyers intend to establish a home there at once. It is possible a portion of the property will be divided and sold in small tracts. The is admirably located for this purpose. Mr. Read is to be congratulated upon his success in making the sale. He worked diligently on the project and deserves all the emoluments and praise that the big transaction entitles him.

MOREL HOME SITE SOLD

An acre of the Morel property on Eaton avenue, Wellesley Park, was sold yesterday through W. P. Bennett, the local real estate agent to Adolph Huber of San Francisco. The sale includes the site of the old Morel home that was recently destroyed by fire. Mr. Huber is going to build on the foundation of the old building.

The Mercantile Trust Company of San Francisco has filed its first account as guardian of the estate of Frances S. Howard, an incompetent person. The account shows the total receipts to be $5950.65 and total disbursements to be $5506.86 leaving a cash balance of $445.79.

CITY LIGHTS AND CITY DRAINAGE

Both Problems Before Trustees, Who Explain the Real Work Necessary or Desirable

A number of property owners on Arguello street entered a protest against the drainage district being formed at a meeting of the board of trustees Monday evening. They signed the petition believing that they would have to pay for the drainage of other property above them. D. R. Stafford representing the signers was present and addressed the board. He argued the need of handling the storm water drainage of the town through a bond issue. The problem was such that required united action. When it was explained to him that it was planned for each section to take care of its needs and the best method of handling the flood waters in the Highlands was to keep the water of each street on a direct path to the marsh, he realized the scope of the drainage district and was in favor of the plans. Other signers with him expressed their approval. Final action was deferred until next meeting.

The board finds that the sewerage problem near the Christofferson plant is a difficult one. Trustee Tuchsen believes the only way is to install septic tans and the aircraft people are in immediate need of one. He had prices from Harry B. Morey & Son of Menlo Park and recommended that the town bear part of the expense as their part of taking care of the sewerage. No action was taken by the board but it was understood that the aircraft company was to go ahead and the board would consider their obligation to them.

A communication from Chamber of Commerce urging the board's consideration to placing a sign similar to "Redwood City" sign on Broadway near the depot at the intersection of Broadway and El Camino Real. Trustee Merrill believes that a more ornamental means could be had by making that intersection the nucleus for a system of electroliers down Broadway and out Main street. The present system of lighting the business section of town is inadequate and Mr. Merrill's plan would divide the expense between the property owners, the town, and the merchants.

Notice was received that Geo. H. Hansen who was injured some months ago while in the employ of the city has received $74.96 from the State Industrial Commission.

The clerk was instructed to request Mrs. Pessis to clear the portion of a water course through her property as the Irving people are clearing what they filled in last year.

The city attorney was instructed to do all he could to rush an opinion from the appelate court in the matter of street work contracts under contest. The property owners are anxious to have the work done.

Ordinances creating the office of Superintendent of Municipal Water System and defining the duties of the Superintendent of Streets were given their introductory reading.

The report of expert W. J. Kidd for the year 1915-1916 was read with its several recommendations.

Woodside Notes

Mrs. McDonald and pretty daughter of San Francisco are here on a visit with Mrs. Fred Mighall.

Mayor James Rolph of San Francisco on Wednesday awarded a contract to McLaren and Peterson for the erection of farm buildings and dairy houses on his Mountain Spring ranch above Woodside for $13,770. Mr. Rolph has just completed a swimming pool at a cast of $16,000. Mr. Rolph hopes to have one of the prettiest homes on the peninsula very soon. He spends all of his leisure time on this beautiful ranch.

Certainly the people of this locality were amused yesterday when they read the account in the San Francisco papers concerning the pranks of an ape held captive by Jack Williamson at his saloon. The alleged ape is a tame monkey that got away from the saloon and ran over to the home of A. L. Meyerstein and began playing with the Meyerstein twins on the lawn. The monkey only came to amuse the children and not to harm them as the San Francisco dailies would have the people believe. The little object of all the michief is again back in his cage. The monkey is not aware of the big sensation he caused.

The Mission bells in the Catholic church at Portola were blessed last Sunday by Archbishop Hanna, assisted by Father Cantwell, Father Harrington and Father Hannigan. The ceremony was very impressive and witnessed by a large congregation. At the conclusion of the ceremony a solemn high mass was celebrated. Father Hannigan acting as celebraut, Father Harrington as deacon and Rev. John O'Brien as master of ceremonies. The sermon was preached by Father J. J. Harrington of St. Mary's Cathedral of San Francisco. He delivered a very able address, dwelling upon the early history of the missions in California and telling of the great good they had achieved for humanity. The priest also paid a splendid tribute to the donor of the bells, Mrs. Bridget Doyle, telling of her piety and devotion. After the blessing of the bells, Mr. and Mrs. J. A. Folger were the first to ring the chimes.

STRONG APPEALS FOR CLEMENCY

Court Asked to Show Mercy to Unfortunate Young Man In Hour of Distress

Edward Conway who killed N. Barbouni on June 25 at Colma was found guilty of manslaughter by a jury in the superior court on Monday. Conway will be sentenced this morning. He came up before Judge Buck on Wednesday for sentence when his attorney J. J. Bullock made an eloquent appeal for him. Three letters were read to the court the writers asking for clemency for Conway. J. A. Folger of Woodside in a letter addressed to the court said that the young man's father had been employed by his firm for nearly forty years and was a splendid worker and a good man. Mr. Folger asked the court for leniency on behalf of the father of the prisioner. Father Doyle of St. Peter's parish in San Francisco also interceded on behalf of Conway. The priest said the boy was raised in his parish and there bore an excellent reputation. He explained that Conway's mother died while the boy was young and he was raised without a mother's care and influence. Mr. Cunningham of San Mateo wrote interceding for the young man.

The court explained that he could not see his way clear to admit the young man to probation owing to the seriousness of the crime committed, but would think the matter over and pass sentence on Saturday, September 30. The recommendation of mercy by the jury was ascribed by the court to the eloquence of Mr. Bullock rather than to the facts in the case. Mr. Conway's sister was in court and wept bitterly during the court's talk.

BOYS ON PROBATION

John Gilbert and Leslie Cannon, the two San Francisco boys who stole an automobile from the McDonald Lumber Company and went to Los Angeles to engage in the "Jitney" business, were admitted to probation in the superior court on Thursday. Judge Buck gave the boys a severe grilling before passing sentence. Young Cannon's mother was in court and earnestly pleaded for her son, saying that up to the time of his committing the offense he was a good boy and she felt that if he were given another chance he would lead a good life. Gilbert's grandfather spoke in behalf of his relative. The youngsters are 16 years old. They did not seem to appreciate the seriousness of their crime and appeared to be indifferent to the severe castignations of the court. Both boys will have to report to the judge once a month. One of the conditions under which they were released is that they are not to associate or go together in future.

MT. CARMEL FESTIVAL

The festival and bazaar to be held under the auspices of the ladies of Mt. Carmel church will open at the Alhambra theatre on Thursday evening, October 5th and continue on Friday and Saturday and Monday nights. Many fine articles will be on exhibition and a pleasant time is assured all who attend. The Redwood City Band and the convent pupils will present a very attractive program on Thursday evening.

Winter is to have charge of the ice-cream table and the fish pond will be looked after by Miss Sarsfield and Mrs. Mary Griffin. All the booths will be gayly decorated.

FORTY HOURS' DEVOTION

The Forty Hours' Devotion in honor of the Holy Eucharist will commence in St. Bruno's Church, San Bruno, Sunday, October 8. The celebration will open with a high Mass at 10 o'clock. The devotion will close with high Mass Tuesday morning, October 10 at 8 o'clock. There will be special music.

"What Happened in Fairyland" will be produced at Assembly Hall on the Stanford campus Friday evening, October 6, and Saturday matinee October 7. It is a pretty story told in song and verse of doings in a land peopled by fairies, butterflies, flower fairies, gnomes and orges. In a play of this kind opportunity is furnished for the introductions of beautiful stage pictures, entrancing music and graceful dances. The talented children of Palo Alto, Menlo Park and the campus will undoubtedly surprise their audiences. They seem to get the real spirit of fairyland, and yet never forget their dominating sympathy for the children for whom they work so willingly. The proceeds will go to the Belgium fund.

"A DELUSION and A SNARE"

THE Anti-Saloon League is making a deliberate attempt to deceive the people of the State by offering the second amendment as an "Anti-Saloon measure." The Sacramento "Bee" on February 15th, last, said of this:

This second proposal is not an anti-saloon issue.
It is much more than an effort to regulate the liquor traffic.
It is a scheme to throttle the wine industry of California.
It is a measure as obnoxious as prohibition itself.
Under an alias and behind a mask it presents prohibition in the garb of an anti-saloon measure.
Under it no hotel, restaurant or cafe could serve California wine with meals.
No commercial body, fraternal organization, or individual giving a public banquet at a place of public resort could offer wine to guests.
No club could serve wine to its members.
No Summer resort could offer or give away wine to its patrons.
No grocery store or family liquor store could sell wine in sealed packages not to be consumed on the premises.

* * * * *

The thing is one of the most iniquitous offenses against personal liberty and the sacredness of individual rights ever thought of anywhere.
It is a fraud when it masquerades under the alias of "an anti-saloon proposition."
It is a farce when it claims to be merely a measure to "regulate the liquor traffic."
And it is an imposition throughout upon the voter, because it does not stand out in the sunlight under its true colors.

The voters of California are asked to vote on two prohibition measures. The first amendment on the ballot is absolute prohibition and says so. The second amendment on the ballot is also a prohibition amendment but masquerades as an anti-saloon measure. The principal difference between the two is that one goes into effect at the end of 1917, and the other goes into effect two years later.
